Description

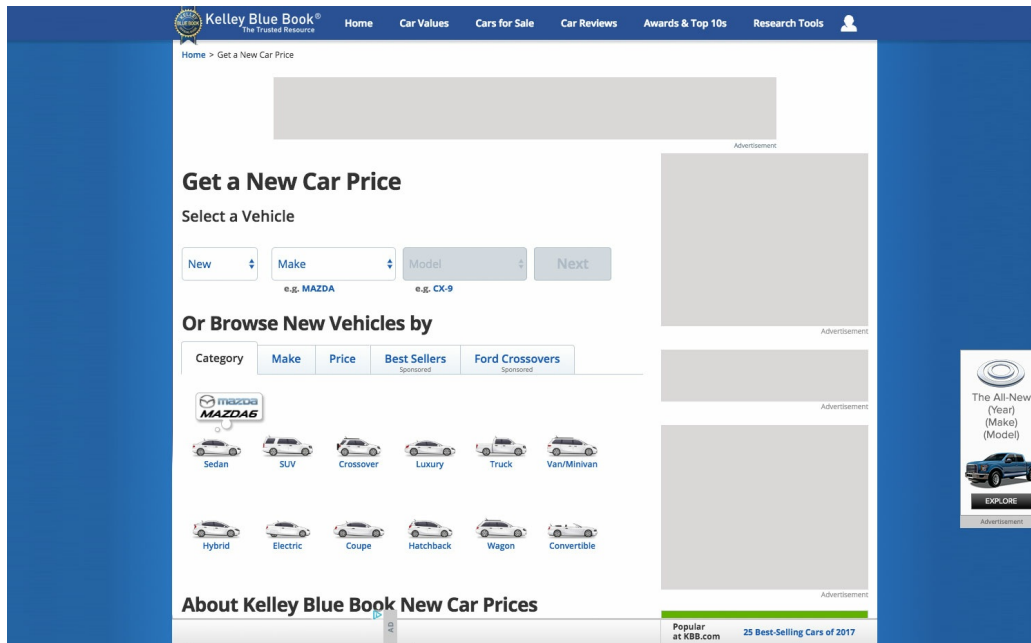

The **Featured Content Tab** is an attention-getting opportunity that offers an out-of-the-box way to reach in-market shoppers. This unique format incorporates a tab-like unit, anchored above the fold, that hangs to the far right of the page in a non-traditional ad position.

Once engaged, the unit takes the user directly to your website. This ad product supports strong user engagement by effectively slicing through the clutter and reaching in-market shoppers at precisely the right moment.
